

## **NOTICE**

All 5<sup>th</sup> semester Major/ Minor NEP 2020 and CBCS Honours/ Programme students are hereby informed that an internal assessment test will be held on 10<sup>th</sup> January 2026, Saturday in the department of Physics as per the following schedule.

| Semester                       | Topic                                        | Time                 |
|--------------------------------|----------------------------------------------|----------------------|
| 5 <sup>th</sup> Major          | Classical and Statistical Mechanics          | 12:30 pm to 1: 30 pm |
|                                | Quantum Mechanics                            |                      |
| 5 <sup>th</sup> Minor          | Thermal and Statistical Physics              | 1:45 pm to 2:00 pm   |
| 5 <sup>th</sup> CBCS Hons.     | QM and Applications                          | 12: 30 pm to 2:30 pm |
|                                | Statistical Mechanics                        |                      |
|                                | DSE: Classical Dynamics                      |                      |
|                                | DSE: Nuclear and Particle Physics            |                      |
| 5 <sup>th</sup> CBCS Programme | Digital Analog Circuits and Instrumentations | 12:30 pm to 1:15 pm  |
|                                | SEC: Electrical Circuits & Network Skills    |                      |

Students must bring their college ID and University registration number at the time of examination.

Date: 02.01.26

HOD, Physics
