NAAC Accredited 'B+' Grade

From The Principal's Desk

Dr. Arup Kumar Maiti, Principal

It gives me immense pleasure to bring out the prospectus of Ranaghat College for the session 2018 - 2019. The College is situated in a small town in the district of Nadia, Continuing its journey on the bank of Churni after independence since 1950. The college has completed sixty eight years successfully catering to the needs of local community of Ranaghat and adjacent area in the field of higher education. It was assessed and accredited by NAAC in 2007 and was awarded B+ grade. It aims at making a student sharper, faster and stronger, so that he/she may become a great achiever in future. The College is affiliated to University of Kalyani and both the Degree General and Honours courses are provided to learners who have several options for choice from a variety of subjects.

of Arts, Science and Commerce according to their needs and suitability. Students have the opportunity to join the postgraduate course of Bengali in this college. Apart from the regular courses, the college also provides the opportunity of distance learning to students under the auspices of DODL and IGNOU offering various Degree and postgraduate courses. The college is well-connected with other towns and villages by roads and railways. It has an adequate number of classrooms, well-equipped laboratories, seminar halls, smart Classrooms, well-stocked library and reading room, a central computer room, a large auditorium and a large playground to facilitate the academic and extracurricular activities of students. The N.C.C units of boys and girls help in bringing about the development of physical and disciplinary aspects of the students of college. The N.S.S units of boys and girls help in the growth of social consciousness of students. Presently there are separate buildings for Arts, Science and Commerce faculties, along with an administrative building for official works. The college is committed to impart state-of-art education to students in order to empower their minds to meet the challenges of the modern world. The vigilant authority, dedicated teachers, considerate non-teaching staff and student friendly environment of college are conducive to the healthy growth of student and their academic development. Being a co-education college, it provides facilities to female students in respect of common rooms and toilets. The college authority is aware of the humble socio-economic condition of the common people of the locality and for this reason special financial assistance and academic incentives are provided to the poor and meritorious students. It also ensures that the deserving students must avail scholarships funded by the Government of West Bengal and other agencies. It is a matter of pride for us that the highest number of "beneficiaries" of Kanyashri Prakalpa of the Government of West Bengal in this district belongs to this college. With a mission to meet and exceed the expectation of all its stakeholders, the college is stepping ahead with its infrastructural development, digital facilities and academic expertise and excellence. On behalf of all teachers and the members of non-teaching staff of Ranaghat College, I welcome all the eligible students, including those from the poorest background, to this college and wish their success in the race of life. I hope to enjoy the blessings of all stakeholders, including the guardians of learners, to steer off the college successfully towards a bright future.

PROFILE

The independence of India in 1947 was coupled with the tragic partition of Bengal. Thousands of rootless people swarmed into West Bengal to start life a new. Nadia is one of such districts, which accommodated a large section of displaced persons. Ranaghat, along with other principal towns of Nadia had to provide shelter to most of the refugees. In such a situation, a few educationists dreamt of disseminating the fruits of higher education among the people of the surrounding areas. It was thus that Ranaghat College made its humble beginning in a small room of Pal Chowdhury High School in 1950, with affiliation to Calcutta University. Later it was shifted to its present premises by the side of the National Highway 34. The College, located on a land of 4.68 acres, is well connected by road and railways and ever since its inception it has been instrumental in serving students from all section of the society irrespective of caste, creed and religion. Presently affiliated to the University of Kalyani, Ranaghat College Offers three undergraduate programmes leading to B.A, B.Sc and B.Com degrees with Honours, Major and General courses. Ranaghat College also offers regular Master Course in Bengali under the University of Kalyani, and DODL under the University of Kalyani in Bengali, English, History, and education from the year 2014. Ranaghat College is operating a regular study centre of IGNOU the Central University with U.G. P.G. Certificate and Diploma Courses.

The eight existing buildings of the College have several rooms including lecture halls, practical laboratories for science subjects, one laboratory in the department of Geography, English Language laboratory, two computer centres, a central library apart from several departmental libraries, canteen, play ground, open air stage, separate common rooms for girls and boys, NSS and NCC rooms, Students' Union rooms, adequate facilities for football, cricket, badminton and volley ball, a newly established computer room with Internet connectivity and an arboretum. Ranaghat College has been assessed and accredited by NAAC in the year 2007 and awarded 'B+' grade.

OBJECTIVES

The prime objective of the founders of Ranaghat College was to elevate the socio-economic condition of the people of the surrounding areas by providing them with the opportunity to avail higher learning. The College has not deviated from its original goal but with the passage of time it has certainly broadened its scope. Besides exerting thrust on learning, the College looks forward to:

- 1) Inculcating social responsibility among students.
- 2) Developing self-esteem among the first generation students of SC and ST communities.
- 3) Promoting inter-disciplinary study.
- 4) Encouraging students to participate in co-curricular, extra-curricular and various cultural activities.
- 5) Imparting the conception of parliamentary systems, democratic attitude and constitutional bindings among students.
- 6) Creating sense of discipline among students.
- 7) Helping students to become responsible citizens of India.

FACULTY

Most of the faculty members possess Ph.D. degree. Department of Chemistry and Physics can boast of their post-doctoral fellows from foreign Research Institutes/Universities as well as from other Indian Research Institutes. All science departments have undertaken Major/Minor Research projects and their Progress has been reflected in publications, presenting papers and participation as Visiting Fellows. Moreover, many faculty members from Arts, Science and Commerce departments work as resource persons in different academia.

LIBRARY

The well-stocked Central Library of the College is newly furnished. The modern method of cataloguing has already been introduced. The computerization of the Library is in progress. The Library has a collection of over 14,000 books having more than 4500 titles. The library remains open from 7.00 am to 5.00 pm on all working days. The library subscribes to a number of reputed journals and newspapers. Inside the Library there is provision for reading. Books are purchased every year keeping in mind the needs of the students as well as the research and development in different subjects. In addition to the Central Library there are different departmental libraries as well. The College is going to extend soon the Library Building to accommodate more books, spacious reading room and installation of computers with internet connection for the benefit of students. A reprographic machine has been installed inside the Library. The college provides facilities of 6 Journals and several periodicals also. *Book Bank facility is available.*

COMMON ROOM

There are separate large common rooms for boys and girls for their entertainment with facilities like carrom and table tennis.

CANTEEN

A spacious Students' Canteen has been newly constructed that caters tea, snacks and food to students at an affordable price. It remains open only during the college hours.

POOR AND MERIT FUND

The Poor and Merit Fund enables poor and meritorious students to purchase books and other educational aids, pay college fees, university examination fees and/or meet other expenses.

MAGAZINE

The college magazine is published annually by the Students' Union with the active encouragement and help of the teachers. It is designed as to hone the talent of students. Besides, the Department of Bengali and Science departments publish magazines such as "Atmaprakash" and "Anuraman" respectively. Deptt. of Botany publishes newsletter "Nabapalab". Department of Chemistry publishes "Nibodhani" and Deptt. of Physics Publishes "Galaxy" wall magazines.

NCC UNITS

There are two separate N.C.C. units for boys and girls. Joining the N.C.C. units helps students to be disciplined in life as it inculcates nationalistic feelings besides developing their physical and mental faculties. N.C.C. cadets can also avail opportunities to join armed forces.

N.S.S. UNITS

There are two wings of the N.S.S. These units are very active. They have undertaken activities such as blood donation camp, science and health awareness programmes, water harvesting etc. Every year the NSS units adopt two villages for their out reach activities where they have undertaken measures like survey of the socio-economic condition of the villagers, construction of roads, digging tube wells, water harvesting and other community development activities such as health and hygiene awareness programmes, etc. N.S.S. students also maintain an arboretum in the college campus. Moreover, the college regularly organizes various extension programmes sponsored by the UGC.

HEALTH FACILITIES

Students of the college come under the scheme of the Universal Membership of the Students' Health Home. The college also organizes regular health check-up camps for students with the help of visiting doctors.

SPORTING FACILITIES

The college has a well-maintained playground inside the premises. The Sports Committee organizes annual sports, regular football & cricket matches and other outdoor games for preparing students to participate in Inter-College Competition at the University as well as state level.

CULTURAL ACTIVITIES

Various cultural activities are held round the year. Annual cultural soiree, freshers welcome programme, debate, quiz and singing competitions are organized by the Students' Union with the help of the teachers. The Science Club and the Explorers' Club organize various educational programmes like seminars and exhibitions. There is an open-air stage where different programmes are held.

STUDENTS' UNION

The General Secretary of the annually elected Students' Union is a member of the Governing Body of the College. It helps him to address their problems for the interest of students. Besides, the elected students form a council of secretaries to supervise different students committees like Cultural, Sports and Games, Magazine, etc. Mock Parliament is held to make students aware about the parliamentary system of our country.

MEASURES AGAINST POWER CUT

The College has three Diesel Generators (15 KVA, 30 KVA, 62.5 KVA) to take care of problems associated with power failure.

FACILITIES OFFERED BY DIFFERENT LABORATORIES

The Commerce Department is well furnished with adequate number of computers. Qualified faculties with the active support of the departmental teacher impart computer training. Besides, practical guidance is offered for office work. The Physics Department boasts of having laboratories for electronics, thermal experiments, light experiments. A dark room and a general Laboratory are also there for the advantage of students. All these laboratories are equipped with sophisticated instruments. The Department of Chemistry has four well-equipped laboratories. These laboratories are earmarked: one for Physical Chemistry with sophisticated instruments and computers; one for Inorganic Chemistry with chemicals and reagents for semi-micro qualitative and quantitative analyses; one for Organic Chemistry with modern apparatus for synthesis; and another for preparation of samples and solutions. The Zoology Department has an extremely sophisticated instrument room, two well-lit laboratories for the dissection of animals, one general laboratory and a room for keeping animals. A Zoological garden will be introduced in future. The Department of Botany has two well-equipped laboratories earmarked with Plant Physiology & Biochemistry Laboratory and General Laboratory. It also possesses a culture room wherein some locally available soil microflora is being cultured. "Unmilata" is the rooftop medicinal plant garden maintained by this department. A Central Computer Laboratory is there for Math/Physics. The laboratory of the Geography Department is well furnished with instruments required for survey and mapping. There are geological stones and maps as well. The Central Computer Laboratory is used by students of all science departments.

The English Language Laboratory of the Department of English has audio-visual aids to enrich the departmental students. They not only avail the opportunity of getting acquainted with different classic films (in video format) and plays and poems (in audio format) but also of developing proficiency in the English language. The Laboratory is also equipped in teaching various nuances of phonetics.

EXCURSION

Departments of Botany, Zoology, Geography, Commerce regularly organize excursions with students. Expenses for excursions have to be borne by students themselves. Indemnity bond is a must for students going on excursions.

RAILWAY CONCESSION

Railway monthly concession facility can be availed by students. However, students have to ensure that the facility is not misused.

Education is not amount of information that is put in to your brain & runs, not there undigested, all your life. We must have a life building, man-making, charecier building assimilating fine ideas and making them your life and charecier, you have more education than any man who has got by heart a whole library.

FROM THE PRINCIPAL'S DESK

Dr. Arup Kumar Maiti
Principal

Ranaghat College is a leading degree college with a profound and distinctive commitment to undergraduate education. Chartered in 1950, Ranaghat College is the second oldest college in Nadia district. Our campus is known for its natural beauty. Ranaghat College is more than the sum of its many celebrated parts. It is, most of all, a home—a place where you can have a sense of belonging. It was assessed and accredited by NAAC in 2018. Students, with the help of experienced teachers inside and outside the classroom simultaneously, can prepare them for meaningful lives and careers, broaden their outlook and shape their character properly here.

The college is affiliated to University of Kalyani and emphasizes learning, creativity, innovation and collaboration with programs of Arts, Commerce and Science. Students also have the opportunity to join the Postgraduate course of Bengali. The college also provides the opportunity of distance learning to students under the auspices of DODL and IGNOU offering various Degree and

Postgraduate courses. Our approximately 15,000 undergraduate students are part of a vibrant campus community, and they stay connected to Ranaghat College even long after completing their program. The college is committed to impart state-of-art education to students in order to empower their minds to meet the challenges of the modern world. The vigilant authority, dedicated teachers, considerate non-teaching staff and student-friendly environment of college are conducive to the healthy growth of students and their academic development. Students are encouraged to explore many academic and extracurricular opportunities while taking advantage of the College's facilities and resources. We also provide students many opportunities to engage themselves in different activities such as sports, performing arts, literary works, debating and voluntary social work as well as to develop knowledge and transferable skills to prepare them for the future. By offering generous financial support to students, we try to make higher education truly accessible to all, so that they can acquire the academic ability and potential to achieve success in life.

I encourage students to focus not just on their grades or plans for the future, but on the pleasures of thinking – of experiencing new things and thinking about how you grow as a person through what you study in the classrooms. On behalf of all teachers and members of non-teaching staff of Ranaghat College, I welcome all the eligible students, including those from the poorest background, to this college and wish their success in the race of life. I hope to enjoy the blessings of all stakeholders, including the guardians of learners, to steer off the college successfully towards a bright future.

PROFILE

The independence of India in 1947 was coupled with the tragic partition of Bengal. Thousands of rootless people swarmed into West Bengal to start life a new. Nadia is one of such districts, which accommodated a large section of displaced persons. Ranaghat, along with other principal towns of Nadia had to provide shelter to most of the refugees. In such a situation, a few educationists dreamt of disseminating the fruits of higher education among the people of the surrounding areas. It was thus that Ranaghat College made its humble beginning in a small room of Pal Chowdhury High School in 1950, with affiliation to Calcutta University. Later it was shifted to its present premises by the National Highway 34. The College, located on a land of 4.68 acres, is well connected by road & railways and ever since its inception it has been instrumental in serving students from, all section of the society irrespective of caste, creed & religion. Presently affiliated to the University of Kalyani, Ranaghat College offers three undergraduate programs leading to B.A., B.Sc and B.Com degrees with honours, major & general courses. Ranaghat College also offers regular Master course in Bengali under the University of Kalyani and DODL under the University of Kalyani in Bengali, English, History & education from the year 2014. Ranaghat College is operating a regular study centre of IGNOU the Central University with U.G.P.G. certificate & diploma courses.

The eight existing buildings of the College have several rooms including lecture halls, practical laboratories for science subjects, one laboratory in the department of geography, english language laboratory, two computer centres, a central library apart from several departmental libraries, canteen, play ground, open air stage, separate common rooms for girls & boys, NSS & NCC rooms, students' union rooms, adequate facilities for football, cricket, badminton & volley ball, a newly established computer room with internet connectivity and an arboretum. Ranaghat College has been assessed & accredited by NAAC in the year 2019.

OBJECTIVE

The prime objective of the founders of Ranaghat College was to elevate the socio-economic condition of the people of the surrounding areas by providing them with the opportunity to avail higher learning. The College has not deviated from its original goal but with the passage of time it has certainly broadened its scope. Besides exerting thrust on learning, the College looks forward to

1. Inculcating social responsibility among students.
2. Developing self-esteem among the first generation students of SC & ST communities.
3. Promoting inter-disciplinary study.
4. Encouraging students to participate in co-curricular & various cultural activities.
5. Imparting the conception of parliamentary system, democratic attitude & constitutional bindings among students.
6. Creating sense of discipline among students.
7. Helping students to become responsible citizens of India.

FACULTY

Most of the faculty members possess Ph.D. degree. Department of Chemistry & Physics can boast of their post-doctoral fellows from foreign research institutes/universities as well as from other Indian Research Institutes. All science departments have undertaken major/minor research projects and their progress has been reflected in publications, presenting papers & participation as visiting fellows. Moreover, many faculty members from arts, science & commerce departments work as resource persons in different academia.

LIBRARY

The well-stocked central library of the college is newly furnished. The modern method of cataloguing has already been introduced. The computerization of the library is in progress. The library has a collection of over 14,000 books having more than 4500 titles. The library remains open from 7.00 am to 5.00 pm on all working days. The library subscribes to a number of reputed journal & newspapers. Inside the library there is provision for reading. Books are purchased every year keeping in mind the needs of the students as well as the research & development in different subjects. In addition to the central library there are different departmental libraries as well. The college is going to extend soon the library building to accommodate more books, spacious reading room & installation of computers with internet connection for the benefit of students. A reprographic machine has been installed inside the library. The college provides facilities of 6 journals & several periodicals also. Book bank facility is available.

COMMON ROOM

There are separate large common rooms for boys & girls for their entertainment with facilities like carrom & table tennis.

CANTEEN

A spacious students' canteen has been newly constructed that caters tea, snacks & food to students at an affordable price. It remains open only during the college hours.

POOR AND MERIT FUND

The poor & merit fund enables poor & meritorious students to purchase books & other educational aids, pay college fees, university examination fees and/or meet other expenses.

MAGAZINE

The college magazine is published annually by the students' union with the active encouragement and help of the teachers. It is designed so as to hone the talent of students. Besides, the department of Bengali & science departments publish magazines such as "Atmaprakash" & "Anuranan" respectively. Deptt. of botany publishes newsletter "Nabapallab". Department of chemistry publishes "Nihodhan" & deptt. of physics publishes "Galaxy" wall magazines.

NCC UNITS

There are two separate N.C.C. units for boys & girls. Joining the N.C.C. units helps students to be disciplined in life as it inculcates nationalistic feelings, besides developing their physical & mental faculties, N.C.C. cadets can also avail opportunities to join armed forces.

N.S.S. UNITS

There are two wings of the N.S.S. These units are very active. They have undertaken activities such as blood donation camp, science & health awareness programs, water harvesting etc. Every year the NSS units adopt two villages for their out reach activities where they have undertaken measures like survey of the socio-economic condition of the villagers, construction of roads, digging tube wells, water harvesting and other community development activities such as health & hygiene awareness programs, etc. N.S.S. students also maintain an arboretum in the college campus. Moreover, the college regularly organizes various extension programs sponsored by the UGC.

HEALTH FACILITIES

Students of the college come under the scheme of the universal membership of the students' health home. The college also organizes regular health check-up camps for students with the help of visiting doctors.

SPORTING FACILITIES

The college has a well-maintained playground inside the premises. The sports committee organizes annual sports, regular football & cricket matches and other outdoor games for preparing students to participate in inter-college competition at the university as well as state level.

CULTURAL ACTIVITIES

Various cultural activities are held round the year. Annual cultural soiree, freshers welcome programme, debate, quiz & singing competitions are organized by the students' union with the help of the teachers. The science club and the explorers' club organize various educational programmes like seminars & exhibitions. There is an open-air stage where different programmes are held.

STUDENTS' UNION

The general secretary of the annually elected students' union is a member of the governing body of the college. It helps him to address their problems for the interest of students. Besides, the elected students form a council of secretaries to supervise different students committees like cultural, sports & games, magazine, etc. Mock parliament is held to make students aware about the parliamentary system of our country.

MEMASURES AGAINST POWER CUT

The college has three diesel generators (15 KVA, 30 KVA, 62.5 KVA) to take care of problems associated with power failure.

FACILITIES OFFERED BY DIFFERENT LABORATORIES

The commerce department is well furnished with adequate number of computers. Qualified faculties with the active support of the departmental teacher impart computer training, beside, practical guidance is offered for office work. The physics department boasts of having laboratories for electronics, thermal experiments, light experiments a dark room and a general laboratories are also there for the advantage of students. All these laboratories are equipped with sophisticated instruments. The departments of chemistry has four well-equipped laboratories. These laboratories are earmarked : one for physical chemistry with sophisticated instruments & computers, one for inorganic chemistry with chemicals and reagents for semi-micro qualitative & quantitative analyses, one for organic chemistry with modern apparatus for synthesis, and another for preparation of samples & solutions. The zoology department has an extremely sophisticated instrument room, two well-lit laboratories for the dissection of animals, one general laboratory and a room for keeping animals. A zoological garden will be introduced in future. The department of botany has two well-equipped laboratories earmarked with plant physiology & biochemistry laboratory & general laboratory. It also possesses a culture room wherein some locally available soil microflora is being cultured. "Unmilata" is the rooftop medicinal plant garden maintained by this department. A central computer laboratory is there for math/physics. The laboratory of the geography department is well furnished with instruments required for survey & mapping. There are geological stones & maps as well. The central computer laboratory is used by students of all science departments. The english language laboratory of the department of english has audio-visual aids to enrich the departmental students. They not only avail the opportunity of getting acquainted with different classic films (in video format) and plays & poems (in audio format) but also of developing proficiency in the english language. The laboratory is also equipped in teaching various nuances of phonetics.

EXCURSION

Departments of botany, zoology, geography, commerce regularly organize excursions with students. Expenses for excursions have to be borne by students themselves. Indemnity bond is a must for students going on excursions.

RAILWAY CONCESSION

Railway monthly concession facility can be availed by students. However, students have to ensure that the facility is not misused.

COMPUTERIZATION OF OFFICE

Students are benefited because the college office is computerized with all the necessary software available.

FROM THE PRESIDENT'S DESK

GB, Ranaghat College

Ranaghat College constitutes the heart of educational entity of Ranaghat. This institute of higher education is an asset of Ranaghat producing thousands of graduates every year. The college opens the gateway of higher education to more than fourteen thousand male and female students belonging to various sections of society. The students passing out of this college acquired coveted position in their professional life. It is my honour and privilege to become the President (GB) of the institution like Ranaghat College and I will continue to make effort to provide the congenial academic milieu to boys and girls to fulfill their dream.

I wish earnestly an all-round success to my students and convey my best wishes to teachers, non-teaching staff and all other stakeholders of this college.

Sri Kajjwal Kumar Chattopadhyaya of Ranaghat, Nadia passed away on 14th June, 2020. He was always passionate about social justice and activism. He was a teacher by profession and board member on several local organizations and also served as a councilor in the Ranaghat municipality. He was an active member of his community and fervently fought for the rights of the underserved and overlooked in his local community. He dedicated much of free time to social welfare and justice in the Ranaghat area. Shri Kajjwal Kumar Chattopadhyaya was a GB member (Government nominee) of Ranaghat College from March, 2018 and closely associated with all round development of this institution. He will be remembered by all the staff members of this college for his effort and dedication and for stakeholders of this college.

FROM THE PRINCIPAL'S SIDE

Dr. Arup Kumar Maiti (Principal)

Ranaghat College is a pole star guiding the bark carrying the aspirants of higher education to their career-oriented destination. It has stretched its wings into 70th year soaring high in the realm of higher education. Thousands of students of Ranaghat and its adjacent villages and towns are able to materialize their dream after passing out from this college. Its sprawling campus, three separate wings of Arts, Science and Commerce, spacious and well-ventilated classrooms, well-equipped laboratories, well-stocked library provide congenial academic atmosphere to students. The college caters to the needs of students desirous of receiving state-of-art education. The devoted teaching staff, students-friendly office and its staff and digitized functioning assist greatly in the advancement of learning and other academic activity of college. There is adequate facility for students to opt for Honours course in almost all subjects of Arts, Science and Commerce. Along with academic development, the students of college facilitates the athletic activity of students. Being a co-education college, there are separate common-rooms and other amenities for female students. Keeping pace with the modern development in higher education, a number of seminar halls, Smart classrooms, projectors and other such facilities have been made available to students in college. Financial and academic aid is also provided to poor students.

Ranaghat College is affiliated to Kalyani University and is situated in the heart of the town. Due to its convenient location, students have an easy access to college by all means of transport. Besides the degree courses, college also offers Postgraduate course in Bengali. In college, there are centers of IGNOU and DODL which offer distance education.

I am willing to promote value-based education which will be also helpful for students for their advancement of career. I have much pleasure to state that the authority, teaching and non-teaching staff and students of Ranaghat college have shown humanitarian attitude by contributing the largest amount colleges in West Bengal of Chief Minister's Relief fund to help the affected people in the wake of Corona. I welcome all the eligible students of college and wish them success in future.

PROFILE

The independence of India in 1947 was coupled with the tragic partition of Bengal. Thousands of rootless people swarmed into West Bengal to start life a new. Nadia is one of such districts, which accommodated a large section of displaced persons. Ranaghat, along with other principal towns of Nadia had to provide shelter to most of the refugees. In such a situation, a few educationists dreamt of disseminating the fruits of higher education among the people of the surrounding areas. It was thus that Ranaghat College made its humble beginning in a small room of Pal Chowdhury High School in 1950, with affiliation to Calcutta University. Later it was shifted to its present premises by the National Highway 34. The College, located on a land of 4.68 acres, is well connected by road & railways and ever since its inception it has been instrumental in serving students from all section of the society irrespective of caste, creed & religion. Presently affiliated to the University of Kalyani, Ranaghat College offers three undergraduate programmes leading to B.A., B.Sc and B.Com degrees with honours, major & general courses. Ranaghat College also offers regular Master course in Bengali under the University of Kalyani and DODL under the University of Kalyani in Bengali, English, History & education from the year 2014. Ranaghat College is operating a regular study centre of IGNOU the Central University with U.G.P.G. certificate & diploma courses.

The eight existing buildings of the College have several rooms including lecture halls, practical laboratories for science subjects, one laboratory in the department of geography, english language laboratory, two computer centres, a central library apart from several departmental libraries, canteen, play ground, open air stage, separate common rooms for girls & boys, NSS & NCC rooms, students' union rooms, adequate facilities for football, cricket, badminton & volley ball, a newly established computer room with internet connectivity and an arboretum. Ranaghat College has been assessed & accredited by NAAC in the year 2007 & awarded "B+" grade.

OBJECTIVE

The prime objective of the founders of Ranaghat College was to elevate the socio-economic condition of the people of the surrounding areas by providing them with the opportunity to avail higher learning. The College has not deviated from its original goal but with the passage of time it has certainly broadened its scope. Besides exerting thrust on learning, the College looks forward to

1. Inculcating social responsibility among students.
2. Developing self-esteem among the first generation students of SC & ST communities.
3. Promoting inter-disciplinary study.
4. Encouraging students to participate in co-curricular & various cultural activities.
5. Imparting the conception of parliamentary system, democratic attitude & constitutional bindings among students.
6. Creating sense of discipline among students.
7. Helping students to become responsible citizens of India.

STATUTORY BODIES

FACULTY

Most of the faculty members possess ph.d. degree. Department of chemistry & physics can boast of their post-doctoral fellows from foreign research institutes/universities as well as from other Indian research institutes. All science departments have undertaken major/minor research projects and their progress has been reflected in publications, presenting papers & participation as visiting fellows. Moreover, many faculty members from arts, science & commerce departments work as resource persons in different academies.

LIBRARY

The well-stocked central library of the college is newly furnished. The modern method of cataloguing has already been introduced, the computerization of the library is in progress. The library has a collection of over 14,000 books having more than 4500 titles. The library remains open from 7.00 am to 5.00 pm on all working days. The library subscribes to a number of reputed journal & newspapers. Inside the library there is provision for reading. Books are purchased every year keeping in mind the needs of the students as well as the research & development in different subjects. In addition to the central library there are different departmental libraries as well. The college is going to extend soon the library building to accommodate more books, spacious reading room & installation of computers with internet connection for the benefit of students. A reprographic machine has been installed inside the library. The college provides facilities of 6 journals & several periodicals also. Book bank facility is available.

COMMON ROOM

There are separate large common rooms for boys & girls for their entertainment with facilities like carrom & table tennis.

CANTEEN

A spacious students' canteen has been newly constructed that caters tea, snacks & food to students at an affordable price. It remains open only during the college hours.

POOR AND MERIT FUND

The poor & merit fund enables poor & meritorious students to purchase books & other educational aids, pay college fees, university examination fees and/or meet other expenses.

MAGAZINE

The college magazine is published annually by the students' union with the active encouragement and help of the teachers. It is designed so as to hone the talent of students. Besides, the department of Bengali & science departments publish magazines such as "Atmagrakash" & "Anuranan" respectively. Dept. of botany publishes newsletter "Nabapallab". Department of chemistry publishes "Nibodhata" & dept. of physics publishes "Galaxy" wall magazines.

NCC UNITS

There are two separate N.C.C. units for boys & girls. Joining the N.C.C. units helps students to be disciplined in life as it inculcates nationalistic feelings, besides developing their physical & mental faculties. N.C.C. cadets can also avail opportunities to join armed forces.

N.S.S. UNITS

There are two wings of the N.S.S. These units are very active. They have undertaken activities such as blood donation camp, science & health awareness programmes, water harvesting etc. Every year the NSS units adopt two villages for their out reach activities where they have undertaken measures like survey of the socio-economic condition of the villagers, construction of roads, digging tube wells, water harvesting and other community development activities such as health & hygiene awareness programmes, etc. N.S.S. students also maintain an arboretum in the college campus. Moreover, the college regularly organizes various extension programmes sponsored by the UGC.

HEALTH FACILITIES

Students of the college come under the scheme of the universal membership of the students' health home. The college also organizes regular health check-up camps for students with the help of visiting doctors.

SPORTING FACILITIES

The college has a well-maintained playground inside the premises. The sports committee organizes annual sports, regular football & cricket matches and other outdoor games for preparing students to participate in inter-college competition at the university as well as state level.

CULTURAL ACTIVITIES

Various cultural activities are held round the year. Annual cultural soiree, freshers welcome programme, debate, quiz & singing competitions are organized by the students' union with the help of the teachers. The science club and the explorers' club organize various educational programmes like seminars & exhibitions. There is an open-air stage where different programmes are held.

STUDENTS' UNION

The general secretary of the annually elected students' union is a member of the governing body of the college. It helps him to address their problems for the interest of students. Besides, the elected students form a council of secretaries to supervise different students committees like cultural, sports & games, magazine, etc. Mock parliament is held to make students aware about the parliamentary system of our country.

MEMASURES AGAINST POWER CUT

The college has three diesel generators (15 KVA, 30 KVA, 62.5 KVA) to take care of problems associated with power failure.

FACILITIES OFFERED BY DIFFERENT LABORATORIES

The commerce department is well furnished with adequate number of computers. Qualified facilities with the active support of the departmental teacher impart computer training. Besides, practical guidance is offered for office work. The physics department boasts of having laboratories for electronics, thermal experiments, light experiments a dark room and a general laboratories are also there for the advantage of students. All these laboratories are equipped with sophisticated instruments. The department of chemistry has four well-equipped laboratories. These laboratories are earmarked: one for physical chemistry with sophisticated instruments & computers, one for inorganic chemistry with chemicals and reagents for semi-micro qualitative & quantitative analyses, one for organic chemistry with modern apparatus for synthesis, and another for preparation of samples & solutions. The zoology department has an extremely sophisticated instrument room, two well-lit laboratories for the dissection of animals, one general laboratory and a room for keeping animals. A zoological garden will be introduced in future. The department of botany has two well-equipped laboratories earmarked with plant physiology & biochemistry laboratory & general laboratory. It also possesses a culture room wherein some locally available soil microflora is being cultured. "Ummata" is the rooftop medicinal plant garden maintained by this department. A central computer laboratory is there for math/physics. The laboratory of the geography department is well furnished with instruments required for survey & mapping. There are geological stones & maps as well. The central computer laboratory is used by students of all science departments.

The English language laboratory of the department of English has audio-visual aids to enrich the departmental students. They not only avail the opportunity of getting acquainted with different classic films (in video format) and plays & poems (in audio format) but also of developing proficiency in the English language. The laboratory is also equipped in teaching various nuances of phonetics.

EXCURSION

Departments of botany, zoology, geography, commerce regularly organize excursions with students. Expenses for excursions have to be borne by students themselves. Indemnity bond is a must for students going on excursions.

RAILWAY CONCESSION

Railway monthly concession facility can be availed by students. However, students have to ensure that the facility is not misused.

COMPUTERIZATION OF OFFICE

Students are benefited because the college office is computerized with all the necessary software available.

Higher Education Department, Government of West Bengal

FROM THE PRESIDENT'S DESK

GB, Ranaghat College

Welcome to Ranaghat College. It is a privilege to lead such an outstanding institution of higher learning. Ranaghat College constitutes the heart of educational entity of Ranaghat. This institute of higher education is an asset of Ranaghat producing thousands of graduates every year. The student is the most important person on campus. We create opportunities and inspire students to achieve their goals. We recognize that in addition to our students' academic pursuits, they lead full, rich lives and need our support. The students passing out of this college acquired coveted position in their professional life. I will continue to make effort to provide the congenial academic milieu to boys and girls to fulfill their dream.

I wish earnestly an all-round success to my students and convey my best wishes to teachers, non-teaching staff and all other stakeholders of this college. I encourage you to visit our campus and learn more about the opportunities available to you at Ranaghat College.

From the Principal's Desk

Dr. Arup Kumar Maiti
Principal, Ranaghat College

Ranaghat College is a pole star guiding the bark carrying the aspirants of higher education to their career-oriented destination. It has stretched its wings into 70th year soaring high in the realm of higher education. Thousand of students of Ranaghat and its adjacent villages and towns are able to materialize their dream after passing out from this college. Its sprawling campus, three separate wings of Arts, Science and Commerce, spacious and well-ventilated classrooms, well-equipped laboratories, well-stocked library provide congenial academic atmosphere to students. The college caters to the needs of students desirous of receiving state-of-art education. The devoted teaching staff, student-friendly office and its staff and digitized functioning assist greatly in the advancement of learning and other academic activity of college. There is adequate facility for students to opt for Honours course in almost all subject of Arts, Science and Commerce. Along with academic development, the students of college find ample opportunity for extracurricular activity. The large playground of college facilitates the athletic activity of students. Being a co-education college, there are separate common-rooms and other amenities for female students. Keeping pace with the modern development in higher education, a number of seminar halls, smart classrooms, projectors and other such facilities have been made available to students in college. Financial and academic aid is also provided to poor students.

Ranaghat College is affiliated to Kalyani University and is situated in the heart of the town. Due to its convenient location, students have an easy access to college by all means of transport. Besides the degree courses, college also offers post graduate course in Bengali. In college, there are centers of IGNOU and DODL which offer distance education.

I am willing to promote value-based education which will be also helpful for students for their advancement of career. I have much pleasure to state that the authority, teaching and non-teaching staff and students of Ranaghat College have shown humanitarian attitude by contributing the largest amount among colleges in West Bengal to Chief Ministers relief fund to help the affected people in the wake of Corona. Sharing the social responsibility, the college has recently made arrangement for the Vaccination of all the members of teaching and non-teaching staff. The authority of college will surely take into account the safety of students and take measures accordingly during this period of pandemic while proceeding with the academic assignments as per the instruction of the government. I would also like to mention that the online classes are going on to assist students during the period of lockdown and academic activity has not been hampered even during this challenging time.

I welcome all the eligible students to college and wish them success in future.

PROFILE

The independence of India in 1947 was coupled with the tragic partition of Bengal. Thousands of rootless people swarmed into West Bengal to start life anew. Nadia is one of such districts, which accommodated a large section of displaced persons. Ranaghat, along with other principal towns of Nadia had to provide shelter to most of the refugees. In such a situation, a few educationists dreamt of disseminating the fruits of higher education among the people of the surrounding areas. It was thus that Ranaghat College made its humble beginning in a small room of Pal Chowdhury High School in 1950, with affiliation to Calcutta University. Later it was shifted to its present premises by the National Highway 34. The College, located on a land of 4.68 acres, is well connected by road & railways and ever since its inception it has been instrumental in serving students from all sections of the society irrespective of caste, creed & religion. Presently affiliated to the University of Kalyani, Ranaghat College offers three undergraduate programmes leading to B.A., B.Sc and B.Com degrees with honours, major & general courses. Ranaghat College also offers regular Master course in Bengali under the University of Kalyani and DODL under the University of Kalyani in Bengali, English, History & education from the year 2014. Ranaghat College is operating a regular study centre of JNU the Central University with U.G.P.G. certificate & diploma courses.

The eight existing buildings of the College have several rooms including lecture halls, practical laboratories for science subjects, one laboratory in the department of geography, English language laboratory, two computer centres, a central library apart from several departmental libraries, canteen, play ground, open air stage, separate common rooms for girls & boys, NSS & NCC rooms, students' union rooms, adequate facilities for football, cricket, badminton & volley ball, a newly established computer room with internet connectivity and an arboretum. Ranaghat College has been assessed & accredited by NAAC in the year 2007 & awarded "B+" grade.

OBJECTIVE

The prime objective of the founders of Ranaghat College was to elevate the socio-economic condition of the people of the surrounding areas by providing them with the opportunity to avail higher learning. The College has not deviated from its original goal but with the passage of time it has certainly broadened its scope. Besides exerting thrust on learning, the College looks forward to

1. Inculcating social responsibility among students.
2. Developing self-esteem among the first generation students in SC & ST communities.
3. Promoting inter-disciplinary study.
4. Encouraging students to participate in co-curricular & various cultural activities.
5. Imparting the conception of parliamentary system, democratic attitude & constitutional bindings among students.
6. Creating sense of discipline among students.
7. Helping students to become responsible citizens of India.

From The

President's Desk

G. B. Ranaghat College

Welcome to Ranaghat College. It is a privilege to lead such an outstanding institution of higher learning. Ranaghat College constitutes the heart of educational entity of Ranaghat. This institute of higher education is an asset of Ranaghat producing thousands of graduates every year. The student is the most important person on campus.

We create opportunities and inspire students to achieve their goals. The students passing out of this college acquired coveted position in their professional life. I will continue to make effort to provide the congenial academic milieu to boys and girls to fulfill their dream.

I wish earnestly an all-round success to my students and convey my best wishes to teachers, non-teaching staff and all other stakeholders of this college. I encourage you to visit our campus and learn more about the opportunities available to you at Ranaghat College.

From the PRINCIPAL'S DESK

Dr. Arup Kumar Maiti
Principal

I feel privileged to bring out the prospectus of Ranaghat College for the session 2022-2023 of making students aware of the provision and facilities available in the college. The college, which is situated in a small town in the district of Nadia, has been providing service to the locals in the field of higher education of Ranaghat and adjacent area. It was assessed and accredited by NAAC in 2018. It aims at making a student sharper, faster and stronger, so that he/she may become a great achiever in future. The college is affiliated to University of Kalyani and both General and Honours courses are provided to learners who serve options for choice from a variety of subjects of Arts, Science and Commerce according to their needs and suitability. Students have the opportunity to join the postgraduate course of Bengali in this college. Apart from the regular courses, the college also provides the opportunity of distance learning to students under the auspices of DODL and IGNOU offering various Degree and Postgraduate courses. The college is well-connected with other towns and villages by roads and railways. It has adequate number of classrooms, well-equipped laboratories, seminar halls, Smart Classrooms, well-stocked library and reading room, a central computer room, a large auditorium and a large playground to facilitate the academic and extracurricular activities of students. The N.C.C. units of boys and girls help in bringing about the development of physical and disciplinary aspects of the students of college. The N.S.S. units of boys and girls help in the growth of social consciousness of students. Presently, there are separate buildings for Arts, Science and Commerce departments, along with an administrative building for official works. The college is committed to impart state-of-art education to students in order to empower their minds to meet the challenges of the modern world. The vigilant authority, dedicated teachers, considerate non-teaching staff and student-friendly environment of college are conducive to the healthy growth of students and their academic development. Being co-education college, it provides special facilities to female students in respect of common rooms and toilets. The college authority is careful of providing safe drinking water to students and has made such arrangement. It is aware of the humble socio-economic condition of the common people of the locality and for this reason special financial assistance and academic incentives are provided to the poor and meritorious students. It also ensures that the deserving students must avail scholarships funded by the Government of West Bengal and other agencies. The college authority is determined to bring about the all-round development of learners and the institute. It is stepping ahead with its infrastructural development, digital facilities and academic expertise and excellence. On behalf of all teachers and the members of non-teaching staff of Ranaghat college, I welcome all the eligible students, including those from the poorest background, to this college and wish their success in the race of life. All stakeholders, including the guardians of learners are cordially welcome to college for the betterment of the institute.

PROFILE

The independence of India in 1947 was coupled with the tragic partition of Bengal. Thousands of rootless people swarmed into West Bengal to start life a new. Nadia is one of such districts, which accommodated a large section of displaced persons. Ranaghat, along with other principal towns of Nadia had to provide shelter to most of the refugees. In such a situation, a few educationists dreamt of disseminating the fruits of higher education among the people of the surrounding areas. It was thus that Ranaghat College made its humble beginning in a small room of Pal Chowdhury High School in 1950, with affiliation to Calcutta University. Later it was shifted to its present premises by the National Highway 34. The College, located on a land of 4.68 acres, is well connected by road & railways and ever since its inception it has been instrumental in serving students from, all section of the society irrespective of caste, creed & religion. Presently affiliated to the University of Kalyani, Ranaghat College offers three undergraduate programmes leading to B.A., B.Sc and B.Com degrees with honours, major & general courses. Ranaghat College also offers regular Master course in Bengali under the University of Kalyani and DODL under the University of Kalyani in Bengali, English, History & education from the year 2014. Ranaghat College is operating a regular study centre of IGNOU the Central University with U.G.P.G. certificate & diploma courses.

The eight existing buildings of the College have several rooms including lecture halls, practical laboratories for science subjects, one laboratory in the department of geography, english language laboratory, two computer centres, a central library apart from several departmental libraries, canteen, play ground, open air stage, separate common rooms for girls & boys, NSS & NCC rooms, students' union rooms, adequate facilities for football, cricket, badminton & volley ball, a newly established computer room with internet connectivity and an arboretum. Ranaghat College has been assessed & accredited by NAAC in the year 2007 & awarded "B-" grade.

OBJECTIVE

The prime objective of the founders of Ranaghat College was to elevate the socio-economic condition of the people of the surrounding areas by providing them with the opportunity to avail higher learning. The College has not deviated from its original goal but with the passage of time it has certainly broadened its scope. Besides exerting thrust on learning, the College looks forward to

1. Inculcating social responsibility among students.
2. Developing self-esteem among the first generation students of SC & ST communities.
3. Promoting inter-disciplinary study.
4. Encouraging students to participate in co-curricular & various cultural activities.
5. Imparting the conception of parliamentary system, democratic attitude & constitutional bindings among students.
6. Creating sense of discipline among students.
7. Helping students to become responsible citizens of India.

FACULTY

Most of the faculty members possess ph.d. degree. Department of chemistry & physics can boast of their post-doctoral fellows from foreign research institutes/universities as well as from other Indian research institutes. All science departments have undertaken major/minor research projects and their progress has been reflected in publications, presenting papers & participation as visiting fellows. Moreover, many faculty members from arts, science & commerce departments work as resource persons in different academia.

LIBRARY

The well-stocked central library of the college is newly furnished. The modern method of cataloguing has already been introduced, the computerization of the library is in progress. The library has a collection of over 14,000 books having more than 4500 titles. The library remains open from 7.00 am to 5.00 pm on all working days. The library subscribes to a number of reputed journal & newspapers. Inside the library there is provision for reading. Books are purchased every year keeping in mind the needs of the students as well as the research & development in different subjects. In addition to the central library there are different departmental libraries as well. The college is going to extend soon the library building to accommodate more books, spacious reading room & installation of computers with internet connection for the benefit of students. A reprographic machine has been installed inside the library. The college provides facilities of 6 journals & several periodicals also. Book bank facility is available.

COMMON ROOM

There are separate large common rooms for boys & girls for their entertainment with facilities like carrom & table tennis.

CANTEEN

A spacious students' canteen has been newly constructed that caters tea, snacks & food to students at an affordable price. It remains open only during the college hours.

POOR AND MERIT FUND

The poor & merit fund enables poor & meritorious students to purchase books & other educational aids, pay college fees, university examination fees and/or meet other expenses.

MAGAZINE

The college magazine is published annually by the students' union with the active encouragement and help of the teachers. It is designed so as to hone the talent of students. Besides, the department of Bengali & science departments publish magazines such as "Atmaprakash" & "Anuragan" respectively. Deptt. of botany publishes newsletter "Nabapallab". Department of chemistry publishes "Nabodhata" & deptt. of physics publishes "Galaxy" wall magazines.

NCC UNITS

There are two separate N.C.C. units for boys & girls. Joining the N.C.C. units helps students to be disciplined in life as it inculcates nationalistic feelings, besides developing their physical & mental faculties. N.C.C. cadets can also avail opportunities to join armed forces.

N.S.S. UNITS

There are two wings of the N.S.S. These units are very active. They have undertaken activities such as blood donation camp, science & health awareness programmes, water harvesting etc. Every year the NSS units adopt two villages for their out reach activities where they have undertaken measures like survey of the socio-economic condition of the villagers, construction of roads, digging tube wells, water harvesting and other community development activities such as health & hygiene awareness programmes, etc. N.S.S. students also maintain an arboretum in the college campus. Moreover, the college regularly organizes various extension programmes sponsored by the UGC.

HEALTH FACILITIES

Students of the college come under the scheme of the universal membership of the students' health home. The college also organizes regular health check-up camps for students with the help of visiting doctors.

SPORTING FACILITIES

The college has a well-maintained playground inside the premises. The sports committee organizes annual sports, regular football & cricket matches and other outdoor games for preparing students to participate in inter-college competition at the university as well as state level.

CULTURAL ACTIVITIES

Various cultural activities are held round the year. Annual cultural soiree, freshers welcome programme, debate, quiz & singing competitions are organized by the students' union with the help of the teachers. The science club and the explorers' club organize various educational programmes like seminars & exhibitions. There is an open-air stage where different programmes are held.

STUDENTS' UNION

The general secretary of the annually elected students' union is a member of the governing body of the college. It helps him to address their problems for the interest of students. Besides, the elected students form a council of secretaries to supervise different students committees like cultural, sports & games, magazine, etc. Mock parliament is held to make students aware about the parliamentary system of our country.

MEMASURES AGAINST POWER CUT

The college has three diesel generators (15 KVA, 30 KVA, 62.5 KVA) to take care of problems associated with power failure.

FACILITIES OFFERED BY DIFFERENT LABORATORIES

The commerce department is well furnished with adequate number of computers. Qualified faculties with the active support of the departmental teacher impart computer training. Besides, practical guidance is offered for office work. The physics department boasts of having laboratories for electronics, thermal experiments, light experiments a dark room and a general laboratories are also there for the advantage of students. All these laboratories are equipped with sophisticated instruments. The department of chemistry has four well-equipped laboratories. These laboratories are earmarked: one for physical chemistry with sophisticated instruments & computers, one for inorganic chemistry with chemicals and reagents for semi-micro qualitative & quantitative analyses, one for organic chemistry with modern apparatus for synthesis, and another for preparation of samples & solutions. The zoology department has an extremely sophisticated instrument room, two well-lit laboratories for the dissection of animals, one general laboratory and a room for keeping animals. A zoological garden will be introduced in future. The department of botany has two well-equipped laboratories earmarked with plant physiology & biochemistry laboratory & general laboratory. It also possesses a culture room wherein some locally available soil microflora is being cultured. "Unmilata" is the rooftop medicinal plant garden maintained by this department. A central computer laboratory is there for math-physics. The laboratory of the geography department is well furnished with instruments required for survey & mapping. There are geological stones & maps as well. The central computer laboratory is used by students of all science departments. The English language laboratory of the department of English has audio-visual aids to enrich the departmental students. They not only avail the opportunity of getting acquainted with different classic films (in video format) and plays & poems (in audio format) but also of developing proficiency in the English language. The laboratory is also equipped in teaching various manners of phonetics.

EXCURSION

Departments of botany, zoology, geography, commerce regularly organize excursions with students. Expenses for excursions have to be borne by students themselves. Indemnity bond is a must for students going on excursions.

RAILWAY CONCESSION

Railway monthly concession facility can be availed by students. However, students have to ensure that the facility is not misused.

COMPUTERIZATION OF OFFICE

Students are benefited because the college office is computerized with all the necessary software available.

RULES AND REGULATIONS TO BE FOLLOWED BY STUDENTS

1. Students should bring with them their student's identity card to get into the college.
2. Duplicate identity card is issued on production of a copy of general diary at the police station & paying a fee for it.

Education is not the amount of information that is put into your brain and runs riot there, undigested all your life. We must have life-building, man-making and character-making assimilation of ideas.
